Regional Operations Center
Salt Lake City, UT*

WEATHER KEY POINTS

02/06/22 - 02/12/22

Sunday-Saturday

- Several additional rounds of gusty Santa Ana (offshore) winds are forecast across southern California through much of the upcoming week
 - Wind gusts of 30-55 mph will be most common in prone locations, with gusts of 60+ mph possible over the mountains
 - The combination of ongoing very dry conditions and winds may locally increase fire weather concerns
- No precipitation is expected across the state through the week, and likely beyond
- Temperatures will gradually warm this week into the 80s across southern California mid to late week, with near record heat. .
